'HONOURING THE DIVINE FEMININE'

The Abbey - Raymond Island
Sat 16 & Sun 17 March

The Australian land displays its motherly energies in the pouched protection of its marsupial young. If you would like to be immersed within the Divine Mother and retreat from the artificial world of our time, then join us on Raymond Island, surrounded and protected by the womb-like waters of the Gippsland Lakes.

Once there, Sylke Fromberg will gently lead you toward the sacred feminine through melody, song, story, language, rhythm, dance and ceremony - as done by our ancestors in times past.

Through these elements you can heal, harmonise and nourish your own life forces, which then enables you to help strengthen the life forces that replenish Mother Earth.

These experiences can also act as a doorway to discover the divine feminine forces that can be found in the universe, the earth, and within every woman.

No prior experience is necessary, and all physical abilities are respected. You are invited to bring along a drum if you have one.

Sylke has spent the past 30 years studying sacred songs and traditions from around the world - a specialty being the Celtic culture of Europe.

COST: \$250 includes 1 night's shared accommodation, 2 day seminar + all meals (vegetarian). If you have a food intolerance or allergy, we will endeavour to meet your needs. If you would like to book an extra night's accommodation at extra cost, please specify. Book early because accommodation is 1st come - best accommodation option!
